

# Blackberry OS 10: Setup (IMAP)

This article will assist you in setting up your Blackberry OS 10 device with your Hosted Email mailbox.

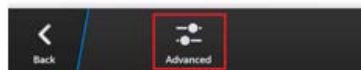

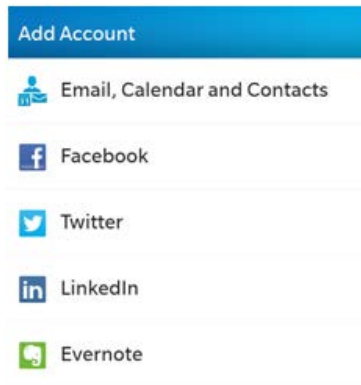

1. From the home menu, select the "**Settings**" icon.

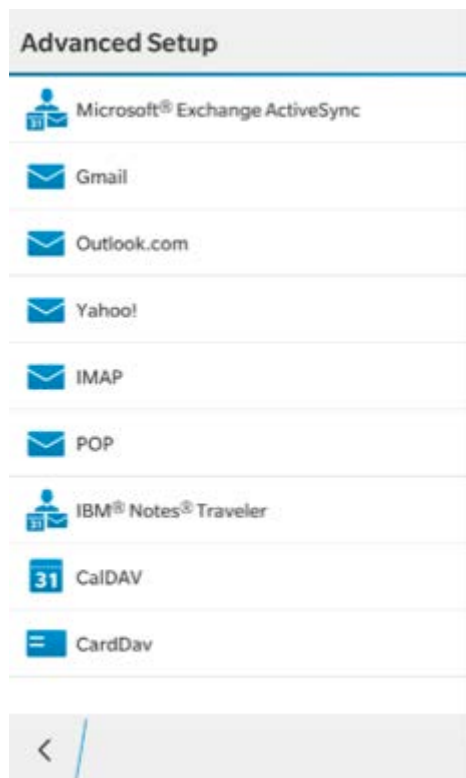

2. Select "**Accounts**".

3. Select "**Advanced**".

4. Select "**IMAP**".

5. Enter the following details:

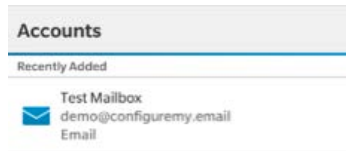

a. "**Description**": Hosted Email Mailbox

- b. **"Your Name"**: Your name
- c. **"Username"**: example@1791.com
- d. **"Email Address"**: example@1791.com
- e. **"Password"**: Your mailbox password
- f. **"Server Address"**: secure.emailsrvr.com
- g. **"Port"**: 993
- h. **"IMAP Path Prefix"**: /
- i. **"SMTP Username"**: example@1791.com
- j. **"SMTP Password"**: Your mailbox password
- k. **"SMTP Server Address"**: secure.emailsrvr.com
- l. **"SMTP Port"**: 465
- m. **"SMTP Encryption"**: SSL

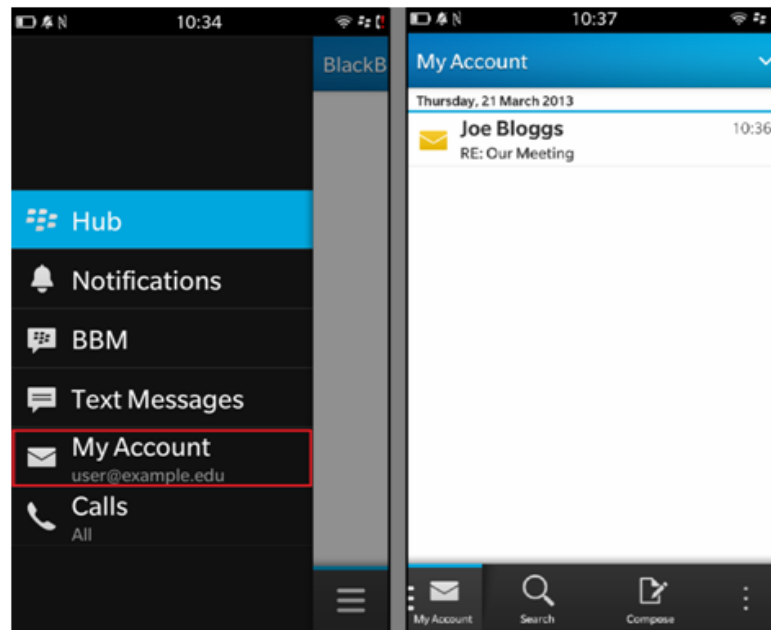

The image shows a mobile application interface for configuring an IMAP account. At the top, there are three buttons: "Dismiss" on the left, "IMAP" in the center, and "Done" on the right. Below the buttons, there is a small asterisk and the text "\* Required Fields". The form consists of several input fields, each with a label above it and a light gray input area below. The fields are: "Description" (empty), "Your Name" (empty), "Username \*" (with a placeholder "Enter Username"), "Email Address \*" (with a placeholder "Enter Email Address"), "Password \*" (with a placeholder "Enter Password" and a small eye icon to the right), and "Server Address \*" (empty). The form is separated into sections by horizontal gray bars.

The image displays two screenshots of an IMAP configuration interface. The top screenshot shows the following fields: "Server Address \*" with a placeholder "Enter Server Address"; "Port \*" with the value "993"; "Encryption" set to "SSL"; "IMAP Path Prefix" (empty); "SMTP Username" (empty); "SMTP Password" (empty with a visibility icon); and "SMTP Server Address \*" with a placeholder "Enter SMTP Server Address". The bottom screenshot shows: "SMTP Port \*" with the value "465"; "SMTP Encryption" set to "SSL"; "Use push if supported" (toggle on); "Append messages to sent folder" (toggle on); "Sync Interval" set to "30 Minutes"; "Sync Timeframe" set to "7 Days"; "Roaming Data Control" set to "Full Messages"; "Cellular Data Control" set to "Full Messages"; and "Wi-Fi Data Control" set to "Full Messages".

6. Select "**Done**" in the upper right corner. Your device will then begin validating the settings.
7. Once validation is complete. You should see your email account listed.

8. Go back to your home screen. Swipe up from the bottom, then to the right. Select your mailbox to view your email.

9. That's it! Your Blackberry device should now be connected to your mailbox.
